
Purpose/Background

Planning in education is an essential part of ensuring that all students have equitable opportunities to acquire the knowledge, skills and attitudes they need to be self-reliant, responsible, caring and contributing citizens. Planning ensures resources for education are used in the best possible ways to meet the educational needs of Alberta's young people.

The Division plan outlines priorities for student learning in the Division, contributes to budget development, and forms the basis for reporting on progress and achievement.

The Division is required by Alberta Education to prepare an education plan that aligns with the Alberta Education Three Year Business Plan and focuses on student learning over a four-year period. Plans are updated annually.
