Item: Prince of Peace Lutheran School Closure

Date of Meeting: May 13, 2021

Background:

Prince of Peace Lutheran School is a RVS K to Gr. 9 school offering faith-based programming. It serves families in Chestermere, Langdon, rural Rocky View County, Calgary and Airdrie. The school currently has 377 students and 41 staff. Prince of Peace Lutheran School was originally a private school which in 2006 officially became part of RVS and has been a Christian school of choice in RVS since that time.

RVS has made numerous attempts in previous years to remain in the building including requesting the Government of Alberta purchase the property and making two purchase bids ourselves. With those efforts unsuccessful, we were able to negotiate the extension of RVS' lease agreement in March of 2019.

Sage Properties presented RVS with a lease proposal during the final stages of the community consultation. The Board agreed to the lease which commenced Sept. 1, 2019 for a term of 5 years with either party being able to end the lease with 18 months notice.

In early February 2021, RVS received official notice from the landlord of the Prince of Peace Lutheran School property (Sage Properties Corp.) that it is executing its right to terminate its lease with RVS effective Aug. 5, 2022.

On March 18, 2021 administration brought forward a plan in line with Policy 15 so that the Board could consider Prince of Peace Lutheran School's future. The Board passed the following motion:

PRINCE OF PEACE LUTHERAN SCHOOL NEXT STEPS

#791-2021 MOTION BY TRUSTEE PATTY SPROULE:

The Board begin the school closure process for Prince of Peace Lutheran School as per Policy 15 and the timeline outlined above.

CARRIED

Current Status:

On March 18 a letter was sent to all Prince of Peace families (see attached) and staff along with other families in Chestermere elementary schools and middle school and Kathryn School. Letters were also sent to administration with City of Chestermere (see sample attached), City of Calgary, Rocky View County, Calgary Board of Education and Calgary Catholic School District.

Those letters detailed the process approved by the Board on March 18th for providing opportunity for the public to respond to the Board's proposal to close the school. Details of the online meeting and timelines for public feedback on the proposal and options under consideration were highlighted. Individuals were informed of their ability to present to the Board on May 6th and that

the Board intends to decide on May 13th. A dedicated portal on RVS' website was launched - <https://www.rockyview.ab.ca/pop-consultation/prince-of-peace-consultation>.

On Wednesday April 14, 2021 a public online Zoom meeting was held from 6:30 until 8:30 p.m. The meeting provided background to the situation and building, highlighted the school closure process, provided current enrolment information, and then included five options that were put forward by system administration as possibilities. We had a lengthy questions and answer/comment period with every individual who had questions or comments were provided the opportunity. At the peak there were 224 people logged into Zoom including nearly 50 RVS staff, administration and trustees with the remainder being families and interested members of the public. A copy of the slides shared with the meeting participants were posted that same evening for the public to engage with (see attached).

The summary of options presented on April 14th is as follows:

- Option 21-1: Effective September 2021 - Close School, Return to Designated Areas and Eliminate Christian Program
- Option 22-1: Effective September 2022 - Close School, Return to Designated Areas and Eliminate
- Option 22-2: Effective September 2022 - Close School, Start Christian Program at Kathryn
- Option 22-3: Effective September 2022 - Close School, Start Christian Program at East Lake School for K-6 only
- Option 22-4: Effective September 2022 - Close School, Start Christian Program at East Lake for K-6 and CLMS for 7-9

Since the announcement of the closure process on March 18, 2021, 297 letters/emails/cards have been received by the Superintendent's office and distributed to trustees. Each submission was forwarded unedited to trustees and select members of senior administration. Highlights of these submissions included:

It was overwhelmingly clear by the heartfelt words shared in submissions that Prince of Peace is loved greatly by families, students, and staff. This is a testament to the administration, teachers and support staff that have created a caring culture and a supportive learning environment that serves multiple communities very well.

The unfortunate reality is that the leased building for the school will no longer be RVS' to occupy in the summer of 2022 and the Board regrettably needs to decide on another option for students and staff – none of which are ideal.

RVS thanks all those students, parents, staff, and other interested stakeholders for their written feedback as part of this consultation.

The following provides themes captured from the written submissions:

- Very few stakeholders were in favour of option 21-1 or 22-1 which would close the school, return students to their designated areas, and eliminate the Christian program.

DIRECTIVE FOR ACTION

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

- All stakeholders spoke very highly of the program, and some commented that even though they were not religious the Christian program taught valuable character-building lessons.
- A commonly expressed suggestion was to keep the Prince of Peace name regardless of where the program moved in the future. Stakeholders believed this brings students and staff a sense of continued connection despite being moved to another school and serves as marketing for the program.
- Similar in sentiment, many stakeholders felt it was important to keep students and staff together in one building. This included suggestions to lease other space, purchase a building, move into portable units, or move into one school but keep existing program, grades, staff, and students intact. Some also expressed these solutions could be temporary while RVS secures a more permanent facility in the future. Comments were also made about keeping the Calgary students within the Prince of Peace program no matter where it is moved.
- Of those stakeholders who voiced a preference to move the program to another school (if needed), the majority were in favour of option: 22-4 Close School, Start Christian Program at East Lake for K-6 and CLMS for 7-9 beginning in 2022.
- These stakeholders referenced the high number of Prince of Peace students living in Chestermere and the ability to keep students together in the two schools.
- Option 22-2: Close School, Start Christian Program at Kathryn School in 2022 also received support from stakeholders, but not as much as the East Lake and Chestermere Lake Middle School option. While moving the program to Kathryn School was the preferred option for a number of stakeholders, there were also stakeholders who expressed Kathryn was too far away from where they lived, and this would be their least favoured option.
- Option 22-3: Close School, Start Christian Program at East Lake School for K-6 only in 2022 received very little support. Those who wanted to remain in Chestermere preferred to have the program in two schools rather than end at Grade 6 at East Lake.
- Nearly all stakeholders expressed their appreciation of the program, teachers and staff at Prince of Peace with a strong desire to see that program continue in its current building.

Two delegations presented to the Board on May 6th.

The development of the presentation/slides for April 14th attempted to address much of the requirements in Policy 15 for an administration report. It was felt that by providing as much of that detail up front to the public then people would be in a position to provide the best feedback to trustees and system administration. In response to Policy 15 list of questions for an administration report, the following seeks to provide answers to each.

How the closure would affect the attendance area defined for that school?

Prince of Peace Lutheran School is in unique position as it has no defined attendance area in Rocky View Schools. It is fully a program of choice and no individual or area is designated to the school.

How the closure would affect the attendance at other schools?

Each scenario contemplates different options for where resident students would attend. See the slides from April 14th to see the specific impact of each scenario on attendance areas of impacted schools.

Information on the Board's long-range capital plan

See attached for the latest approved capital plan for RVS. Important to note is the construction of a new middle/high school in Langdon has been approved by government and construction is set to begin this summer. We anticipate the school being ready to welcome students in September 2024. Additionally, the capital plan has a K-9 and a new Chestermere High School in year 2 of the division's requests to government. At this time, no school site is site ready in Chestermere, so the Board has been unable to consider a Chestermere school in the highest priority level.

Attendance areas across the region will be impacted by the opening of the new Langdon school in the fall of 2024. As we stated in the April 14th presentation, this new school will likely result in grade configuration and attendance area changes across the region.

The number of students who would need to be relocated as a result of the closure.

375 students attending Prince of Peace Lutheran School as of Sept. 30, 2020

176 students reside in RVS boundaries

56 students live in Prairie Waters' (K-6) attendance area

48 students live in Chestermere Lake Middle's (7-9) attendance area

32 students live in East Lake's (K-6) attendance area

23 students live in Rainbow Creek's (K-6) attendance area

10 students live in Airdrie's attendance areas

5 students live in Kathryn's (K-8) attendance area

1 student lives in Indus' attendance area

1 student lives in Langdon Schools' attendance area

199 students live outside of RVS boundaries – predominately Calgary

Given the utilization pressures across the region, it was made clear that non-resident students currently attending Prince of Peace Lutheran School will have to reapply as out of division students if the school closes. As per the *Education Act*, RVS has primary responsibility

DIRECTIVE FOR ACTION

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

to resident students and can only take non-resident students where “sufficient resources and facilities are available to accommodate the student.”

The need for, and extent of, busing.

RVS has made busing available to resident students in Chestermere, and non-resident Calgary residents with a differentiated fee structure for non-resident students. Currently there are three buses servicing Prince of Peace with a total of 85 registered riders across the three routes. Resident students from outside Chestermere must get themselves to and from the school.

Options that maintain a Christian program in the east side of RVS (22-2 at Kathryn, 22-3 at East Lake School and 22-4 at East Lake and Chestermere Lake Middle) would maintain busing from Chestermere to the new program location. Options that eliminate the program (21-1 and 22-1) already have transportation service in the designated area for each school.

Program implications for other schools and for the students when they are attending other schools.

Options 21-1 and 22-1 result in the elimination of the Christian program in the region.

Option 22-2 maintains a Christian program for those students who move along with the program to Kathryn School. It is important to note that if sufficient numbers do not exist at Kathryn School, then the program could be eliminated.

Option 22-3 maintains a Christian program for those students in K-6 who move to East Lake School. Grade 7 to 9 students lose this program availability in this option. It is important to note that if sufficient numbers do not exist at East Lake School, then the program could be eliminated. Additionally, given East Lake School is already a dual track – regular and French Immersion, it would now become triple track in this option.

Option 22-4 maintains a Christian program for those students in K-6 who move to East Lake School and those in 7-9 at CLMS. It is important to note that if sufficient numbers do not exist at East Lake School or CLMS, then the program could be eliminated at either grade level. Additionally, given East Lake School and CLMS are both already dual track – regular and French Immersion, they both would now become triple track in this option.

The educational and financial impact of closing the school, including the effect on operational costs and capital implications

This consideration for closure is not a financial decision. RVS has made numerous attempts in previous years to remain in the building including requesting the Government of Alberta purchase the property and making two purchase bids ourselves. With those efforts unsuccessful, we were able to negotiate the extension of RVS' lease agreement in March of 2019. The lease holder has sold the building a provided written lease termination as per the lease.

DIRECTIVE FOR ACTION

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

RVS will have to pay the lease for 2021/22 school year whether we are in the building or not. Suggestions about buying or leasing alternative spaces would result in increased costs to the Board if space in the area is even a realistic option.

The conversion of the school into a program will ultimately have small savings with reduced administration. Teachers and learning assistants will be relocated to where the students move to. Given none of our options include sufficient space to continue to permit non-resident students to remain in RVS, some staff will be reassigned to other schools in RVS.

The educational and financial impact if the school were to remain open.

Given the lease situation, staying in the existing space is not an option beyond August 2022. This is difficult as we are not recommending a closure because the school is struggling, that it is not financially viable in its current form or that the enrolments are too low. The lack of ownership of the space we have occupied has been very unique throughout these past 15 years and ultimately will lead to the school needing to close.

It is with remorse that administration is recommending the closure of Prince of Peace Lutheran School. Based on the feedback of the greater school community and that from senior administration, time to successfully and respectfully wind down the school is needed. The pandemic heavily influences our recommendation to remove this option. While technically possible, we do not recommend option 21-1 with the school closing this summer.

There is demand and interest for a Christian program on RVS' east side and while space remains an issue, we recommend that while the school closes, we try and continue with a Christian program on our east side as long as numbers warrant it (no more than 2 grades blended into one homeroom). This would remove 22-1 from our recommendation list.

The location for the new east side Christian program has merit and challenges in both Kathryn as well as in East Lake/CLMS. Based on the comments received, administration believes there is slightly more community support for the program to be housed in East Lake/CLMS. Kathryn may be just a bit too far for some families generating concerns about the viability of the program if too many families choose to attend their neighbourhood school rather than travelling to Kathryn.

Transportation is already available (due to the French Immersion offerings) at East Lake/CLMS so that should not negatively impact transportation offerings. All Grade 7 to 9 students from Chestermere will attend CLMS and, at nearly 900 students, it can manage being triple track. The program at Grades 7 to 9 may not be a fully standalone program and might be integrated for portions of the day and unique for other parts of the day.

The largest risk in the East Lake/CLMS option (22-4) for housing the program is growth in Chestermere and pressure on East Lake School utilization. Just two years ago we adjusted grade configurations to provide for space for growing neighbourhoods at East Lake School while we await a new school, and this will put pressure on that plan. That said, we know that we will be revisiting all grade configurations and attendance areas for September 2024 in light of the new Langdon area school.

Option 22-1: Effective Sept. 2022 - Close School, Return to Designated Areas and Eliminate Christian Program

- Close Prince of Peace Lutheran School and all RVS resident students return to their designated school and non-resident students may apply for Out of Area consideration as space and resources permit, eliminate Christian program of choice on East side.
 - Considerations
 - Faith option no longer available on east side of RVS
 - Utilization levels at CLMS (92%) and PWE (97%)

Option 22-2: Effective Sept. 2022 - Close School, Start Christian Program at Kathryn School

- Close Prince of Peace Lutheran School, start up Christian program at Kathryn School (K-8) for interested RVS resident students and non-resident students may apply for Out of Area consideration as space and resources permit
 - Considerations
 - Unknown how many students would move there? All, some, few - If have too few then not viable, need pretty much all resident PofP students to move to be viable
 - If all went then Kathryn climbs from 47% utilization to 97-103% over the next 4 years
 - Grade 9s – no Christian program and would have to go to CLMS for 1 year then onto designated high school
 - Community fit
 - Impact to funding as Kathryn currently receives Small School funding
 - Transportation – length of ride

Option 22-3: Effective Sept. 2022 - Close School, Start Christian Program at East Lake School for K-6 only

- Close Prince of Peace Lutheran School, start up Christian program at East Lake School (K-6) for interested RVS resident students and non-resident students may apply for Out of Area consideration as space and resources permit.
 - Considerations
 - Unknown how many students would move there? All, some, few - If have too few then not viable, need pretty much all resident PofP students to move to be viable
 - Grade 7-9s would not have a Christian option and would all go to CLMS
 - Community pressure given RVS moved grades out of East Lake 2 years ago to make space for growth
 - East Lake would be triple track – regular, French Immersion and Christian
 - CLMS utilization rate (97-101% over the next 4 years)

Item: 2021/22 Transportation Fees

Date of Meeting: May 13, 2021

Background:

Student transportation, and corresponding transportation fees, are governed by Policy 17 and Administrative Procedure AP5105. Each year student transportation fees are updated to reflect projected expenses and revenues of the transportation department. The fees are not implemented until approved by the Board of Trustees. Historically, fee increases have been between 0 and 30%.

Alberta Education approved the *Education Act* and the corresponding regulation for *Student Transportation* (96/2019) in August 2019. The regulation provides guidance to school divisions on the provision of student transportation services and potential transportation fees. The *Student Fee Regulation* (95/2019) also provides guidance on the implementation of school fees. Of note, the *Education Act* and Regulations do not require the Minister of Education to approve transportation fees.

Current Status:

Alberta Education transportation grants for 2021/22 are frozen at the 2020/21 level. The government is reviewing the school transportation system and a provincial transportation committee is studying potential new funding models for the 2022/23 school year.

Given the frozen grants, the transportation department continues to look for efficiencies to offset any cost increases for fuel and transportation services. The department has reduced routes in the 2020/2021 years and is working with Calgary Catholic to further reduce and combine routes for both parties. Given the realized route reductions in the current year and expected route reductions next year, staff feel that the fees for parents can be reduced for the 2021/22 school year.

The transportation department is also recommending a change to the fee collection system with an incentive for parents/guardians that register early and pay part of the fees. This early registration incentive will result in more parents/guardians registering before June 25 which will reduce the amount of last-minute transportation registrations in September that has resulted in delayed assignment of students to routes. Also, the transportation department will be better able to plan the routes over the summer and reduce the amount of route adjustments in September due to late registrations. The early partial payment will provide an indication that the parents/guardians are committed to have their children on a bus starting in September. The transportation department is recommending the implementation of a \$25 discount for the first and second child, with a \$12.50 discount for additional children. The discounts would be contingent on the fact that the children are registered and that RVS has received at least fifty percent of the total fee on or before June 25 of the prior school year. The outstanding balance would be collected by October 31 of the current school year. An added benefit would be the ability for parents/guardians to better manage the cash flow through two smaller payments. Any registrations after June 25 would pay fifty percent of the full

fee upon registration with the remaining amount due before October 31. After October 31, the full pro-rated fee would be due upon registration.

Attached in Appendix A are the proposed fees for 2021/22. Administrative Procedure AP5105 outlines the guidelines around transportation fees.

The proposed fees change will reduce revenue by approximately \$700,000. Administration has assumed that (a) the transportation system will continue to operate in a manner similar to the 2020/21 year and (b) the branch will continue to look for efficiencies. Minor adjustments may need to occur to meet student needs, pandemic requirements and enrolment changes.

The transportation department will continue to review the following areas for efficiency, where possible.

Item: Community Use Fees

Date of Meeting: May 13, 2021

Background:

Board Policy 22 Community Use of School Facilities and Equipment, Administrative Procedure AP5014 (outdoor use) and Administrative Procedure AP5025 (Use of Facilities) outline the guidelines for Community Use of Schools. The Policy and Administrative Procedures require that the Board approve Community Use fees on an annual basis.

Community Use has experienced a temporary interruption due to the COVID-19 Pandemic. Although unsure when use will resume, it is the expectation and hope of RVS' administration that it will begin again during the 2021/22 year.

Current Status:

RVS is committed to Community Use of its facilities and grounds. Obtaining insurance can be a challenge for some Community Groups. To reduce the number of barriers for use, RVS has sourced an insurance policy to cover use of RVS Facilities by these groups. Insurance is one of the more difficult hurdles for smaller less organized groups. The insurance will be purchased on a cost recovery basis and charged out to the users at \$10 per booking (one booking may cover multiple dates).

Another change proposed for 2021/22 is prepayment of rentals. This will ensure that proper consideration has been exchanged prior to use, reducing the administrative burden to collect after the event has occurred.

The current fees have been reviewed given the economic conditions. Accordingly, no increases or decreases to the existing rental rates are being proposed to the Community Use fee schedule for the 2021/22 year.

The list of proposed fees for the 2021/22 fiscal year is shown in Appendix A.

Alternatives:

Alternative I

The Board of Trustees approves the proposed fees for the 2021/22 fiscal year as shown in Appendix A.

Alternative II

The Board of Trustees approves an amended fee schedule outlined through Board motion.

Alternative III

The Board of Trustees defers the decision with a request for administration to bring additional information back to the Board at a future date.

Date of Meeting: May 13, 2021

Background:

In accordance with section 57 of the Education Act and the School Fee Regulation (95/2019), the Board of Trustees are required to: “Prior to the commencement of each school year establish a school fee schedule that lists each school fee that may be charged to parents”.

In addition, the Board of Trustees is responsible to approve the schedule of school fees in accordance with Board Policy 26, Instructional Resource Fees for Optional Courses, Programs, Activities or Goods.

The Superintendent provided direction to school-based administrators to assist with the development of fees for 2021/22 on March 18, 2021. The direction provided to the schools was as follows:

- Build extracurricular, field trip and non-curricular travel assuming you are unable to provide any subsidy from school accounts.
- No increase to any course fees more than 2%.
- No additional school wide fees and system wide fees.
- K-4 common school supplies will still be provided and paid for by schools (no fee can be charged).
- Christian and French Immersion (FI) resources will have to be funded through general school resource allocation. No new fees for Christian and FI programs and no supplemental allocation.
- No new alternative program fees for programs like Building Futures, The Farm, etc.
- Sports academies with external partners will have a fee determined between the partner and RVS.
