

# ADVOCATING for **ROCKY VIEW SCHOOLS**

**RVS continues to experience pressures from significant year-over-year growth. As elected representatives of our communities, we call on governments to provide funding and resources to ensure all students can learn, belong and succeed.**

To support the Board's vision of RVS as a world-class learning organization where all students achieve their absolute best, we advocate for:

## **SPACE** for STUDENTS

**Municipal and provincial governments must support growing school divisions in bolstering infrastructure where students and staff can thrive.**

- **New Schools** – the provincial government must build new schools equal to the pace of increasing student populations.
- **School Sites** – municipalities must prioritize right-sized, shovel-ready sites for new schools in early phases of any development plans.
- **Modulars** – provincial government must fund modulars and relocations as necessary to provide needed classroom space.
- **Innovative and Well-maintained Schools** – provincial government must dedicate sufficient resources to address technology evolution and aging buildings.

## **SUPPORT** for STUDENTS

**Government must invest in the success of every student to ensure all students experience an education that is inclusive, safe and supportive.**

- **Equitable Funding** – every student must be fully funded every year.
- **Classroom Complexity** – provincial government must invest significantly to support student success in increasingly complex classrooms.
- **Prioritize Public Education** – provincial government funding for public education must be prioritized and strengthened.
- **Mental Health** – services and resources for mental health and well-being must be increased to meet the evolving needs of our students and staff.
